

NOV - 7 2002

DAVID W. PETERSON

HONORABLE JUDGE JAY B. ROOF

Hearing Date: November 8, 2002

Hearing Time: 1:30 p.m.

## SUPERIOR COURT OF THE STATE OF WASHINGTON FOR KITSAP COUNTY

CITY OF BREMERTON, a municipal corporation,

Plaintiff,

vs.

WILLIAM J. SESKO and NATACHA SESKO,  
husband and wife, and their marital community,

Defendants

Case No.: No. 97-2-01749-3

DECLARATION OF WILLIAM J. SESKO

1. I, William J. Sesko, hereby declare under the penalty of perjury of the laws of the State of Washington as follows:

2. I am over the age of 18 years, competent to testify, and make this declaration base On my own knowledge and belief, except where indicated otherwise.

3. My wife Natacha Sesko and I pay over \$23,000 per year property tax to Kitsap County and we should be secure with our possession and treated as others under the law.

4. I designed a Submarine High Pressure Emergency Ballast Blow System after the Thresher sank. The same emergency system the Navy was using when they sank the Japanese research boat near Hawaii. It's for emergency use.

5. The two submarine salvage pontoons off our Pennsylvania Avenue Property in The State Harbor areas are of historic significance. Because they could have been the ones used to salvage the USS SQUAI US in 1939. The City wants to destroy them.

DECLARATION OF WILLIAM J. SESKO.

[ -

6. We rented property west of our Pennsylvania property for storage and research and Development for \$1000 per month.

7. The City ordered the property vacated and denied us an appeal (see Exhibit 1,2 3)

8. The order exhibit 1 clearly states vehicle storage not allowed in Business Park Zone And Boat must be removed; yet exhibit 3 to 14 clearly shows vehicles and stored boats through out Penn Plaza Storage Yard. Only Sesko's boats and vehicles had to be removed!

9. Exhibit 15-19 shows Sesko use of Pennsylvania Avenue property isn't a problem With adjacent properties. Exhibit 16 shows the city trying to create a problem.

10. Appellant review cause No. 21150-6-11 states " The orders for injunctive relief Do not prevent uses for business purposes; they only require the removal of the junk on the sites."

11. We want to make productive use of our properties and need real guidelines. An Opinion printed in the Bremerton November 5,02 exhibit 20 shows our difficulties "Description of the Bremerton Planning Department range from "It is in a continual State of disarray" to " it is a constant swinging door down there" to "you never get the same opinion twice".

12. Exhibit 21. A Memorandum from Don Pratt in February 6,1997 states " I am the City" and he is not confident in his actions against us.

13. The Shoreline Master Program City of Bremerton Page. 7-7. Exhibit 22 shows we Should have been able to appeal Don Pratt's decision upheld by the planning commission to the City Council and then the shorelines hearing board as provided in RCW 90.58.180.

14. Our appeal to City Council was never heard and after a year delay Don Pratt said we

DECLARATION OF WILLIAM J. SESKO.

2 -

1 Didn't get a hearing.

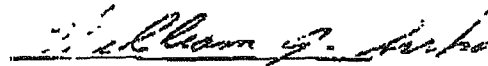

2  
3 15. And here we are with the City trying to say we can't ever use our Pennsylvania  
4 Avenue property productively.

5 16. The Shoreline Master Program Page. 5-12 Exhibit 23. States the Port of Bremerton is  
6 Encouraged coordinating Industrial Use along the shoreline.

7  
8 17. With the Courts approval may be the port of Bremerton could coordinate our use of  
9 our Pennsylvania Avenue property.

10 I DECLARE UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE  
11 OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT.

12 Dated this 6<sup>th</sup> day of November 2002. At Bremerton Washington.

March 1, 2002

William J. Sesko  
3536 Arsenal Way  
Bremerton, WA 98312

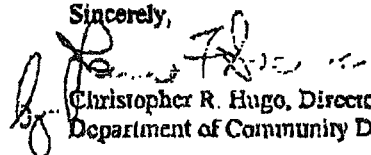

Dear Mr. Sesko:

The purpose of this letter is to advise you that the City of Bremerton cannot process the appeal you filed of a Cease and Desist Order on February 22, 2002. A refund of the \$132 appeal fee is in process and should reach you within approximately ten days.

The Department of Community Development has been contacted by Mr. Paul McConkey, the legal owner of the property in question. We have been advised that you were served with a 20-day Eviction Notice several days ago, that your lease of this property will terminate on April 1, 2002, and that the legal owner does not support the appeal and intends to abate the violation(s) that exist on the property.

Under the above circumstances the City is not able to accept or process the appeal.

Sincerely,

  
Christopher R. Hugo, Director  
Department of Community Development

City of Bremerton

I own the property at 1702 & 1704 Pennsylvania Ave. in Bremerton. The property has been a bulk plant for over 20 years and it serves the entire area. Within the last 2 years we discontinued receiving product by barge and transferred facilities to Pacific Coast Energy (a wholly owned subsidiary of the Union Oil Co.) When we put the dock in gear, after talks with the U.S. Coast Guard and removed the fuel tank Mr. William Sesko offered his assistance in lifting the pipes and valves from the dock to the upper level. He also at his own expense cleaned up the beach by removing old broken culvert and old steel paper boxes that had been dumped over the bank at the end of Pennsylvania Ave.

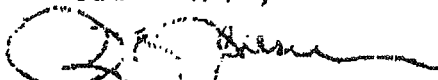

Mr. Sesko has improved the condition of the property by controlling erosion and by being on the property citizens do not use the bank as a dump any longer.

I would like to see the City work out an agreement with Mr. Sesko to maintain a marine industrial facility on the present site. There is no residential within the immediate area and it should remain an industrial area. There are approximately 25 people who are employed by the various businesses in the industrial area.

We are aware that certain regulations must exist but some common sense must also be incorporated in any agreement.

Please reconsider your order and work out a reasonable agreement with William Sesko.

Yours truly,

Robert L. Hansen  
President

Bill Smith

7729 BREMER-006729

BREMER-006729

Dear Bill:

To our recollection, a crane has been used at the property on the end of the pier to launch floats since 1981. Crane offloading of floats was done many years before that and the facility has been commercial usage since before 1935.

Sincerely,

Robert W. Smith

But we seldom hear about more  
active government involvement  
in the development of  
public facilities and development in  
the rural areas.

These people get to make the connections to even the law, or neighborhood sanitation, or the environment and all others must go through a permitting and inspection process designed to assure they meet some kind of safety, growth, and health standards regarding the stream and riparian, type of vegetation and a lot more. For the most part, these regulations and guidelines are processes, not end goals in themselves. They are meant to assist the agency plan, do, and monitor the behavior.

(Interestingly, not even the

If the value of the items who are both given no credible information on the value of the stored items and are not given the value of the items will probably equal the cost of removing the items. If the value of the items exceeds the removal cost, we will seek a storage method and include storage fees in the cost. If the value of the items does not exceed the value of the removal, the value of the items will be against the program. I want our actions to very clearly lead to the primary goal of the program to remove the items from the sites completely and quickly. What are my immediate goals?

Under the "City" has primary authority without going to court on a citation. I indicate that the "City" has the administrative authority for the Shoreline Plan.

### 1. Director of Community Development Decision

The decision of the Director of Community Development may be appealed to the Planning Commission.

### 2. Planning Commission Decision

The decision of the Planning Commission may be appealed to the City Council.

### 3. City Council Decision

The decision of the City Council may be appealed to the Shorelines Hearings Board, as provided in RCW 90.58.160.

## E. REVISION OF PERMITS

When an applicant desires to revise a permit, the applicant must submit detailed plans and drawings describing the proposed changes. If the Director of Community Development determines that the revisions meet the criteria below, the Director may approve the revision. Criteria include:

1. Additional over-water construction is involved, except that pier, dock or float construction may be increased by five hundred (500) square feet or ten percent, whichever is less;
2. Water area coverage and height is not increased more than ten percent (10%);
3. Additional structures do not exceed a total of two hundred fifty (250) square feet;
4. The revision does not authorize development to exceed height, setback, lot coverage, or any other requirement of the Bremerton Shoreline Master Program;
5. Additional landscaping is consistent with conditions (if any) attached to the original permit;
6. The use authorized pursuant to the original permit is not changed;
7. The revision will not result in the obstruction of the view of a substantial number of residences or areas adjoining the shoreline; and

If the sum of the proposed revision and any previously approved revisions do not meet the criteria above, an application for a new shoreline permit must be submitted. If the revision involves a Conditional Use or Variance which was conditioned by the Department of Ecology, the revision also must be reviewed and approved by the Department of Ecology (see WAC 173-14-064).

## INDUSTRIAL DEVELOPMENT

### Applicability

*Industrial developments are facilities for processing, manufacturing and storage of finished or semi-finished goods.*

*Ports are public enterprises providing services and facilities for waterborne commerce, airborne commerce and industrial development dependent upon waterfront locations or attracted to a port because of the variety of available transportation. Ports are a specialized subcategory of general industrial uses.*

*Facilities for water-borne traffic and, as such, have become waterfront points for industrial and manufacturing firms. Heavy industry may not specifically require a waterfront location, but is attached to port areas because of the variety of transportation. (Community and public docks for small boats are not considered port facilities.)*

### Goal:

Encourage the development of ports and industrial areas that are water-related or water-dependent where they will have a minimal adverse impact on established uses.

### Policies

1. **Public Access:** Require new industrial development to provide physical and/or visual access to shorelines and visual access to facilities whenever possible and where such access does not cause significant interference with operations or hazards to life and property.
2. Cooperative use of common port facilities is encouraged along industrial areas.
3. Uses of the shoreline should be water-dependent or-related.
4. Land transportation and utility corridors, service ports, and water-related uses should follow the provisions of the Utilities and Road and Railway sections of the Master Program. Where feasible, transportation and utility corridors should be located inland to reduce pressure for the use of waterfront sites.
5. Design and operate new ports and industry on the shoreline to minimize adverse social and environmental impact.
6. The City of Bremerton is encouraged to coordinate the cooperative and multiple use of port and industrial facilities along the shoreline.

## **E. SHORELINE USES AND ACTIVITIES**

*The Master Program regulates specific categories of uses and activities within the shoreline. These Use/Activity categories consist of specific uses or groups of similar uses which are characteristic of shoreline development.*

The Policies and Regulations developed for each Use/Activity category are intended to serve as the primary set of criteria for evaluating proposals for developments within the shoreline environment. All permitted uses and activities in the shoreline are subject to the special conditions and general regulations applicable to those uses.

The following tables and figures outline Master Program requirements for specified Use/Activities in various Environment and Natural Systems designations. These tables and figures are intended to supplement the Use/Activity requirements in subsequent chapters. Environment-specific Regulations further control uses permitted in the Urban Commercial and Downtown Waterfront environment designations.

### **Unidentified Uses and Activities**

Shoreline uses and activities not specifically identified, for which policies and regulations have not been developed, will be evaluated on a case by case basis and will be required to satisfy the goals and general development policies of the Master Program and the policy of the Shoreline Management Act. In addition, unidentified uses shall be consistent with the management policy and character of the shoreline environment in which they propose to locate, and shall require a Conditional Use Permit.

### **Shoreline Use/Activity Summary**

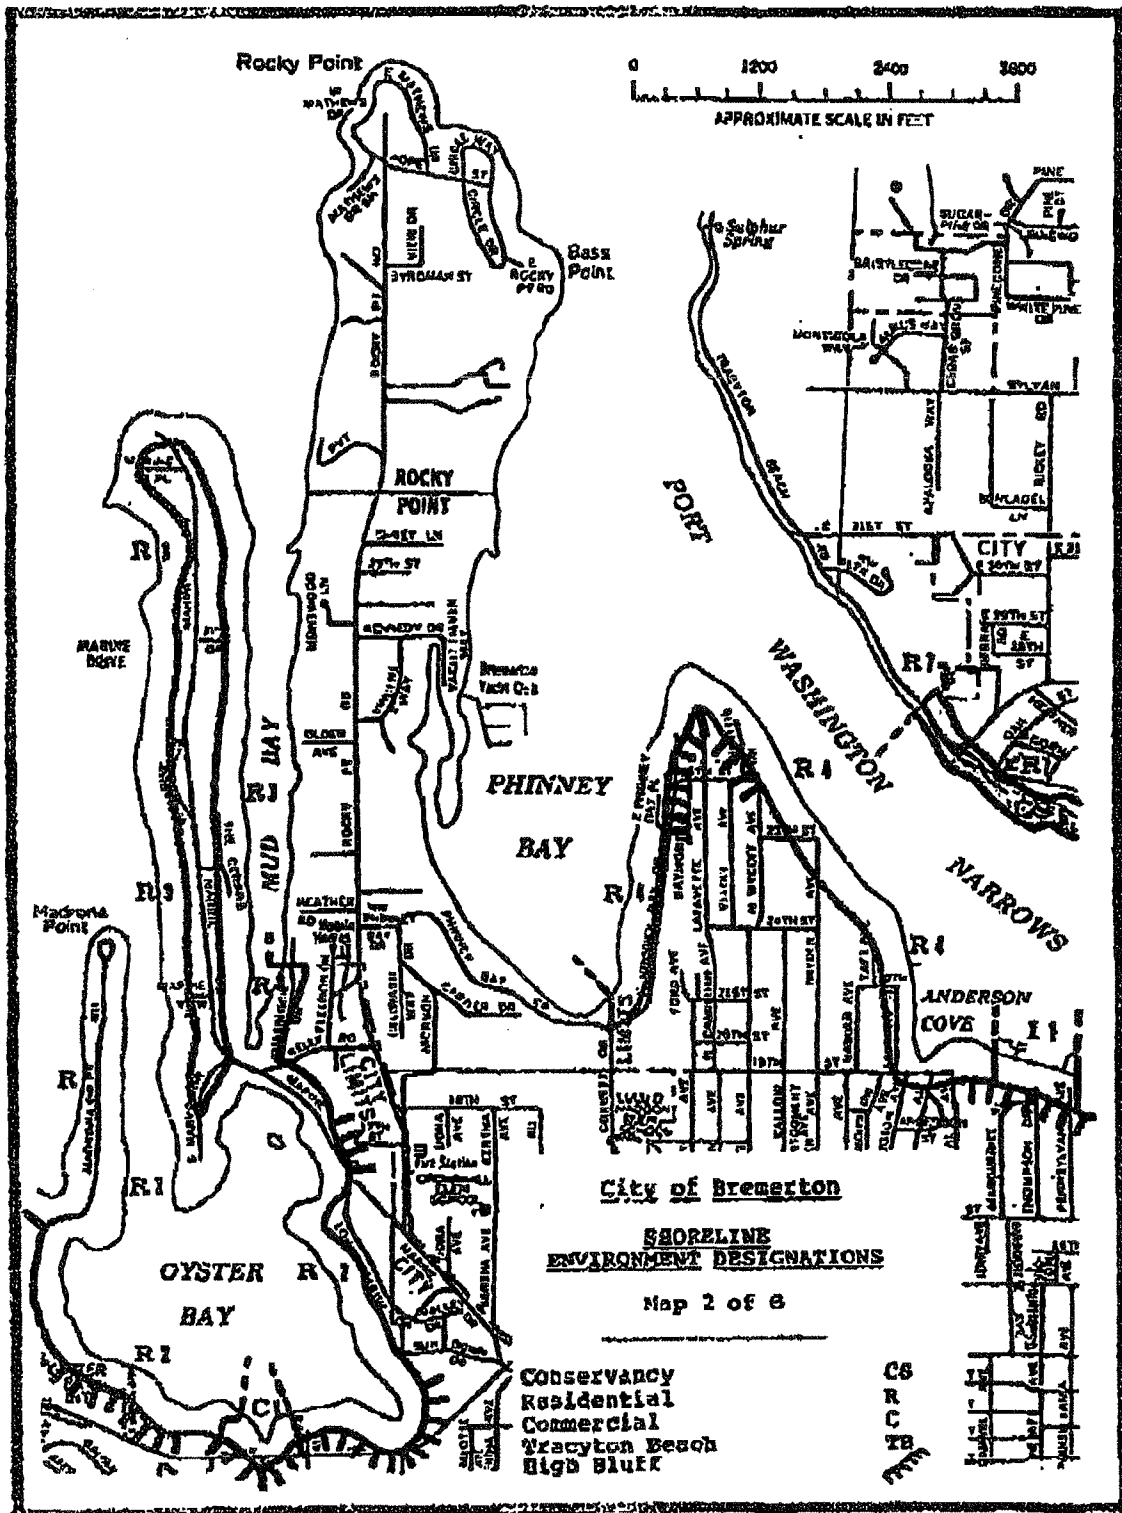

**Table 3-1 Shoreline Use/Activity Matrix**

The Shoreline Use/Activity Matrix on the following pages is presented as a summary of Master Program use/activity goals, policies and regulations. The matrix specifies environment designations where Use/Activities are permitted (P), permitted as a Conditional Use (CU), or prohibited altogether (X).

*The matrix lists the topics of various Master Program use/activity policies and regulations contained in subsequent chapters. Therefore the matrix can be used as a checklist of provisions likely to apply to a project.*

FIGURE 3-1 SHORELINE ENVIRONMENT DESIGNATIONS MAP (MAP 2 OF 6)

- C-4** **Manette** -- Extends southeast of the Manette Bridge Landing to the intersection of Eleventh Street and Pitt Avenue, including a small area northeast of Shore Drive, on the northeast shore of the Port Washington Narrows.

## **Downtown Waterfront**

The Downtown Waterfront area is located along the west shore of the Port Washington Narrows where it meets Sinclair Inlet. It is bounded on the south by PSNS; on the west by the west side of Washington Avenue; on the north by the extension of Sixth Street waterward; and on the east by the Outer Harbor Line. The Downtown Waterfront designation is divided into two sub-areas: Upland and Marine. (Map designations precede descriptions.)

**DW/U** **Downtown Waterfront/Upland** -- The area landward from the OHWM. It is intended to be a mixed use district that includes areas designated Ferry Terminal, Commercial/Residential/Tourist, and Pathway-Park by the *Downtown Waterfront Urban Renewal Plan*.

**DW/M** **Downtown Waterfront/Marine (Over-Water)** -- The area waterward of the OHWM. It includes areas designated Ferry Terminal, Pathway-Park, Marina/South and Marina/North by the *Urban Renewal Plan*.

## **Urban Industrial**

The following areas are designated Industrial (map designations precede descriptions):

- I-1** **Thompson Avenue** -- Extends east from Marguerite Avenue extended northward before it turns east to Pennsylvania Avenue extended northward, along the south shore of the Port Washington Narrows.
- I-2** **Sheldon Boulevard** -- Extends south from Evergreen Park at Fourteenth Street to the intersection of Thirteenth Street and Highland Avenue, along the west shore of the Port Washington Narrows. A small portion of this area between Fourteenth Street and Pacific Avenue extends west of Sheldon Boulevard.
- I-3(F)** **PSNS [I-3]** -- Extends west from the Washington Street Ferry Terminal west of First Street to the city limits on Charleston Beach Road south of Preble Street, on the west shore of Sinclair Inlet. The entire area is within the federally owned Puget Sound Naval Shipyard (PSNS), and outside of the land use jurisdiction of the City.

# SHORELINE MASTER PROGRAM

City of Bremerton, Washington

Mr. William W. Sesko  
February 11, 1997  
Page 2

You have no right of appeal to the Cease and Desist order which was upheld by the Planning Commission.

If you have not already vacated the site, you are hereby ordered to vacate the entire premises within 14 days of receipt of the Notice to Vacate. Any person occupying the premises in violation of said notice without authorization of the Director of Community Development shall be guilty of a gross misdemeanor punishable by a fine of not more than \$5,000 or 180 days in jail, or both. Each day shall constitute a separate offense. If you have not already vacated the premises and are not required to do so by other actions on the property, I will consider giving you authorization to occupy the residence at the site provided.

1. 20 vehicles are removed within the 10 working day notice to vacate period.
2. You agree to provide receipts from recipients who are legally established to receive the equipment, vehicles and other materials illegally stored at your property.

The City will visit your property daily to determine progress on the compliance and to record violations such as failure to vacate as directed.

You are also hereby ordered to removal all heavy equipment and vehicles stored on the site within 20 working days. Two pieces of heavy equipment may remain as agreed to by Kitsap County. Failure to remove the heavy equipment will result in the following City action:

1. A citation will be issued for each day a violation occurs.
2. The City will seek an abatement order which will allow the City to remove the conditions causing the illegal land use.

A handwritten signature in dark ink, appearing to read "Donald L. Pratt", is written over the typed name.

Donald L. Pratt  
Director  
Department of Community Development

# Ecology review raises red flag

## ▼ Bremerton logs 11 polluted sites.

By KELLY EVERETT  
Staff writer

In a recent biennial Hazardous Sites List from the state's Department of Ecology, Kitsap County surveyed 35 sites.

Bremerton had problems.

Kitsap County had about the average number of sites per county in the state, ranging in seriousness from "1" to "5" — with "1" being the worst.

Bremerton has 11 such sites — ranging across the scale: Brem-Air Disposal, 1; Chevron Tank Farm on Port Washington Narrows, 2; Constitutional Avenue Landfill,

5; the Dene property, 1; Evergreen Park, 3; Head of Bay, 4; Lamberts Radiator Shop, 1; Lofthus Bulk Plant, 1; old Bremerton gas works and Sesko property, 1; Pederson Oil site, 4; Vockrodt Dump, 4.

"Old auto-mechanic shops with a little oil spilled on the ground out back are typical of a 5 ranking," said Norm Peck, a state ecology engineer. "A leaky heating oil tank at a home is a 5. Dry cleaners with larger spills or amounts of dry cleaning fluids are typical of a 4 ranking. They're a little problematical because the fluids are carcinogenic. Gas spills are usually 2 or 3, sometimes 1."

"Worst sites, with a ranking of 1, are historically large industrial sites," he said. "Kitsap doesn't have a lot of these."

He said Subase Bangor and the Naval Undersea Warfare Center at Keyport fall under the jurisdiction of the federal

Superfund, and are not ranked by the state. Many Navy and DoD facilities fall under the aegis of the Superfund clean-up act — which is running out of funds since it was not reauthorized by Congress in 1999 and 2000.

"The federal standards are less stringent than ours," said Peck.

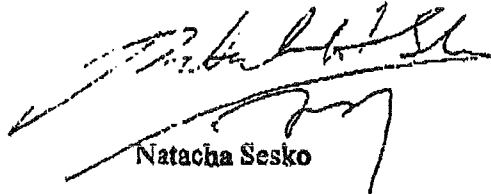

Port Orchard has 13 sites; Bainbridge Island, 2; Poulsbo, 0; Silverdale, 2.

The ranking system tells Ecology which site needs cleaning up the most. Hazardous materials include oil, gasoline, heavy metals, wood preservatives, pesticides and cleaning solvents, among other things. Asbestos monitoring and clean-up is regulated differently and is under the aegis of state Labor and Industries department, he said.

1 City go out of your order to sold our property for \$45,000, crushed our office, took our  
2 logs, antique car etc and left all the problem behind. They allow other tenant to keep their  
3 vehicle and boats in the PennPlaza except us. City violated our constitution right.

Natacha Sesko

1 legal owner does not support the appeal. Sesko's appeal denied because we are neither  
2 property owner nor lessor.

3 (Attached the letter from Mr. James Swanson.)

4 All the tenants that owned the items on the property list can keep their boat, truck  
5 machinery and everything else inside the Penn Plaza storage yard. but Sesko's, Sesko is  
6 not allow to keep any object in his own

7 On February 7 2002, The Court of Appeal granted the appeal of the November 2,  
8 16 and 30 order. The City of Bremerton called the contractor off the Pennsylvania  
9 Avenue property few days later.

### 10 Argument

11 Sesko have never refused to clean up their property. After Court of Appeal order, Sesko  
12 get rid of all the items that he believe is junk. Only keep the items that for business use  
13 under the Business Park and Urban Industrial Zone.

14 Majority of the products are belong to other tenants whom are Paul McConkey's client.  
15 May 18, 1998 judgement did not order City to sell or crush our property. City go out of  
16 your order crushed our office, took our logs, antique car even left all the problem behind  
17 and nor taking care of it.

18 We only move back three items that City did not destroy the first time, all the rest items  
19 that City claim we brought it back was also incorrect.

### 20 Conclusion

21 . We did not violate any of the zoning law nor violate the court of appeal order.  
22  
23 The items we have in the property is not junk they all fit into the Zoning Code. We stored  
24 over forty vehicles in Gorst and 100 plus in Belfare, we only kept items to use to develop  
25 new type products or to clean up the contaminated soil at Pennsylvania Avenue.

SUPERIOR COURT OF THE STATE OF WASHINGTON FOR KITSAP COUNTY

CITY OF BREMERTON, a municipal corporation,	)	Case No.: No. 97-2-01749-3
	)	
Plaintiff,	)	DEFENDANTS RESPONSE TO PLAINTIFF
	)	MOTION TO CLARIFY JUDGMENT OF
vs.	)	May 8, 1998
	)	
WILLIAM J. SESKO and NATACHA SESKO,	)	
husband and wife, and their marital community,	)	
	)	
Defendants	)	

COMES NOW, the Defendants named above, William J. Sesko and Natacha Sesko, Husband and wife, and their marital community and respectfully requests the court to clarify the judgment entered on May 8, 1998 and not allow the City and its contractors to enter the defendants' property again located at 1701 Pennsylvania Avenue, Bremerton, Washington to crushed and destroy and remove the items from the Seskos' Pennsylvania Avenue. waterfront Property.

STATEMENT OF FACTS.

The Pennsylvania Avenue Property is located in City of Bremerton as listed one of the number one hazardous sites from the State's Department of Ecology, this property combine with the Penn Plaza self storage yard used to be the Bremerton old gas facility and City of Bremerton Dump site. (Exhibit-1 A newspaper clipping )

Property Zoned Business Park and City of Bremerton "Shoreline master program" Page 3-7 clearly stated it is zoned Urban Industrial  
It's ½ acres about 1/20 of the entire Penn Plaza Storage Yard. (Exhibit -2 location map)

1 June 13, 97 City filed a nuisance action against Sesko without following the  
2 proper appeal procedure. ( Exhibit 3- Don Pratt 2/11/97 letter)

3 On February 11<sup>th</sup> 97. The director of Community Development said we have no  
4 right of appeal to the Cease and Desist order which was upheld by the planning  
5 Commission and must vacate our property in 14 days. His statement totally violated  
6 RCW 90.58.180.) (The Shoreline Master Program Administration and Enforcement one  
page 7-7 line 1-3.)

7 On May 8, 1998 this court entered a judgment determining that the Defendant's  
8 property is a nuisance per se and granted City of Bremerton to a mandatory injunction  
9 requiring the abatement of the nuisance on the Property located at 1701 Pennsylvania  
Avenue.

10 Sesko appealed the Judgment to the Court of Appeals on June 25<sup>th</sup> 1998, where  
11 the case was consolidated with Arsenal Property on June 13<sup>th</sup> 1999.

12 On February 25, 2000 Court of appeal published opinion and clearly stated "The  
13 orders of injunctive relief do not prevent uses for Business purposes. They only  
require the removal of Junk on the sites."

14 Sesko followed the Shoreline Master Program Shoreline use/Activity matrix table keep  
15 the items that allows on the property. Which are: Archeological and historic resources,  
16 Signs: on premises. Marina, Recreational, Residential Roads, Railways and Bridges,  
17 Utilities, Water Access and Moorage: Boat launch Ramps, Marine Railways, Mooring  
18 Buoys, piers & Docks, Recreational floats. Bulkheads, Seawalls, Clearing, Grading &  
Drainage, last and lest Revetments are also permitted.

19 ( Attached Exhibit -4-1 including description of the zone, Page 3-13 map of the  
20 location. page "3-19 to 3-22" SMP Activity tale).

21 Under Bremerton Municipal Code Chapter 21.02 Zoning Code Business Park uses  
22 allowed heating, plumbing, A/C Equipment & Services, Electrical Supplies and  
23 Services, Paint, Glass, Interior Decoration (Carpet, Drapes), Electrical & electronics Products  
24 Mfg., Mini-warehousing (small-unit storage). Research and Development and Testing Services,  
Professional /Scientific Instrument Manufactures Textile Products Manufactures. And Recycling  
Collection Station. (Attached 5.-Bremerton Municipal Code 21.02)

25 Sesko's repeatedly request City of Bremerton to give clear guidance and

1 corporation. The result as City Council stated the whole case is in the court, it is not a  
2 matter for the City Council. Another words they are not interested in working anything  
3 with us.(Attached 6. City Council Coral Arends's letter)

4 On June 19<sup>th</sup> 2001 The City of Bremerton declared all our vehicles as junk  
5 vehicles including one of our customer Darrell Hatta his ten vehicles, we suggested he  
6 park them on property that we were renting from Paul McConkey (Penn Plaza storage  
7 yard) on Thompson Drive around early 1985 (Attached 7-Letter from Mr. Darrell  
8 Hatta.)

9 On September 21,2001 letter Ms. Jane Koler stated City of Bremerton hired  
10 Parametrix to draft the contract for the abatement action. And the estimate the abatement  
11 action on Pennsylvania property will cost between \$115,000 to \$160,000.  
12 In stead of working with Sesko to defined what is junk what is not junk, City refused to  
13 talk with Sesko and sold Sesko's all the business products on both pieces properties for  
14 only \$45,000 to Buckley Recycling Inc and accepted the Buckley Recycling \$158,000  
15 job bid for \$158,000. (Jane Koler October 26, 2001 letter.).

16 The list of the Inventory in Sesko Pennsylvania Avenue that City of  
17 Bremerton conducted on 29 May 2001 was incorrect. (Exhibit-8)Pennsylvania  
18 Avenue property is very small less than ½ acres pieces land half of them in the strip with  
19 45 degree down to the water can not park more than eight vehicles on the upper land.  
20 The list of Cars, Minivans, SUV's, Pickups. Heavy Equipment and other Equipment/items  
21 are total sixty five items. Are located on Thompson Drive own by Paul McConkey's  
22 (PennPlaza storage) his tenants. City can not defined which items belong to Sesko which  
23 items are not. They just list everything as Sesko's inventory and sold to Buckley Recycle.

24 None of the order listed on May 18, 1998 ordered the City of Bremerton to sell  
25 Sesko's property that stored in Pennsylvania Avenue, the court only issue the City the  
authorization of necessary permits to remove it.

December 3<sup>rd</sup> 2001, Sesko filed the appeal on November 2, 2001, November 16,  
2001, and November 30, 2001 orders to the court of appeal.

1 Letter dated on December 6, 2001 letter Ms Janet Lunceford stated that she is  
2 aware the appeal and will still enter the Arsenal Property to commence the abatement.

3 On December 17, 2001 City commencing the abatement, they never finished the  
4 cleaning process left all the debris of steel metal, buckets of oil, grease on the open  
5 ground, plastic fiber, broken glasses, partial contaminated air conditioners parts all over  
6 the yard, also crushed my storage cabin left all the paints in the front of dance hall.

7 On January 23<sup>rd</sup>, 2002 the contractor entered the Pennsylvania Avenue property  
8 They crushed our modular office building, one bus, hauled away our antique truck,  
9 hydraulic picker. Crushed some of the concrete floats, cut up our logs and hauled it away,  
10 , the contract said they have the permission from Ms. Lunceford to haul all the steel, iron,  
11 aluminum, brass material to dump inside our Arsenal way property for later delivery,  
12 they dumped two more loads on January 30<sup>th</sup>, 2002 and hauled it away two weeks later.  
13 (Attached Photograph -Contractor action caught on photo.)

14 Again On May 18, 1998 Judgment, Court did not ordered the City of Bremerton  
15 to allowed the contractor to crush or destroy any of Sesko's property.  
16 During the courses of abatement Sesko did moved three items to from Pennsylvania  
17 Avenue to Penn Plaza storage yard to prevent the contractors to crushed it.

18 After the City caused Paul McConkey to evict us from his property we only  
19 moved back a few items that we are using it or refirbishing. 10x10 with mounted crane  
20 50's, International single axle cabover, no bed 60's and GMC single axle cargo 70's for  
21 business use, it is allowed to be used in the business zone.

22 (Attached -pictures of items City listed as our inventory needs to be removed belong to  
23 the Penn Plaza self storage yard other tenant, is allowed to stay after Paul McConkey  
24 evict the Seskos from the Penn Plaza Thompson Drive)

25 On February 8<sup>th</sup>, 2002, City of Bremerton posted a Cease and Desist Order  
on Paul & Margaret McConkey property located at end of the Thompson Avenue.  
(Attached the cease and desist order)§

We filed an appeal to City of Bremerton request justification. On March 1,2002,  
James Swanson sign his name for Chris Hugo, stated that City of Bremerton is refund the  
\$132 appeal fee, and our lease of the property will terminate on April 1, 2002, and the

1 legal owner does not support the appeal. Sesko's appeal denied because we are neither  
2 property owner nor lessor.

3 (Attached the letter from Mr. James Swanson.)

4 All the tenants that owned the items on the property list can keep their boat, truck  
5 machinery and everything else inside the Penn Plaza storage yard. but Sesko's, Sesko is  
6 not allow to keep any object in his own

7 On February 7 2002, The Court of Appeal granted the appeal of the November 2,  
8 16 and 30 order. The City of Bremerton called the contractor off the Pennsylvania  
9 Avenue property few days later.

#### 10 Argument

11 Sesko have never refused to clean up their property. After Court of Appeal order, Sesko  
12 get rid of all the items that he believe is junk. Only keep the items that for business use  
13 under the Business Park and Urban Industrial Zone.

14 Majority of the products are belong to other tenants whom are Paul McConkey's client.  
15 May 18, 1998 judgement did not order City to sell or crush our property. City go out of  
16 your order crushed our office, took our logs, antique car even left all the problem behind  
17 and not taking care of it.

18 We only move back three items that City did not destroy the first time, all the rest items  
19 that City claim we brought it back was also incorrect.

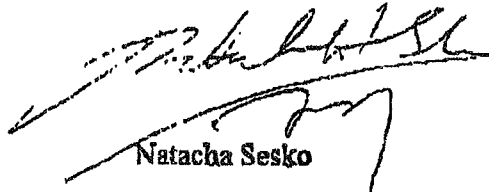

#### 20 Conclusion

21 . We did not violate any of the zoning law nor violate the court of appeal order.  
22 The items we have in the property is not junk they all fit into the Zoning Code. We stored  
23 over forty vehicles in Gorst and 100 plus in Belfare, we only kept items to use to develop  
24 new type products or to clean up the contaminated soil at Pennsylvania Avenue.  
25

1 City go out of your order to sold our property for \$45,000, crushed our office, took our

# Ecology review raises red flag

## ▼ Bremerton logs 11 polluted sites.

By KELLY EVERETT  
Staff writer

In a recent biennial Hazardous Sites List from the state's Department of Ecology, Kitsap County surveyed 35 sites.

Bremerton had problems.

Kitsap County had about the average number of sites per county in the state, ranging in seriousness from "1" to "5" — with "1" being the worst.

Bremerton has 11 such sites — ranging across the scale: Brem-Air Disposal, 1; Chevron Tank Farm on Port Washington Narrows, 2; Constitutional Avenue Landfill,

5; the Dene property, 1; Evergreen Park, 3; Head of Bay, 4; Lamberts Radiator Shop, 1; Lothius Bulk Plant, 1; old Bremerton gas works and Sesko property, 1; Pederson Oil site, 4; Vockrodt Dump, 4.

"Old auto-mechanic shops with a little oil spilled on the ground out back are typical of a 5 ranking," said Norm Peck, a state ecology engineer. "A leaky heating oil tank at a home is a 5. Dry cleaners with larger spills or amounts of dry cleaning fluids are typical of a 4 ranking. They're a little problematical because the fluids are carcinogenic. Landfills are usually 2 or 3, sometimes 1."

"Worst sites, with a ranking of 1, are historically large industrial sites," he said. "Kitsap doesn't have a lot of these."

He said Subase Banger and the Naval Undersea Warfare Center at Keyport fall under the jurisdiction of the federal

Superfund, and are not ranked by the state. Many Navy and DoD facilities fall under the aegis of the Superfund clean-up act — which is running out of funds since it was not reauthorized by Congress in 1999 and 2000.

"The federal standards are less stringent than ours," said Peck.

Port Orchard has 13 sites; Bainbridge Island, 2; Poulsbo, 0; Silverdale, 2.

The ranking system tells Ecology which site needs cleaning up the most. Hazardous materials include oil, gasoline, heavy metals, wood preservatives, pesticides and cleaning solvents, among other things. Asbestos monitoring and clean-up is regulated differently and is under the aegis of state Labor and Industries department, he said.

 Appellant's Signature

FEE: \$37.50 (Due with Letter of Appeal)

Appeals will be scheduled to be heard before the Bremerton Planning Commission as soon as possible, allowing for adequate preparation and notice. You will receive written notification of the Commission hearing date mailed to your address given above. The Planning Commission decision is the final legislative decision.

EX-6.4

Mr. William W. Sessio  
February 11, 1997  
Page 2

You have no right of appeal to the Cease and Desist order which was upheld by the Planning Commission.

If you have not already vacated the site, you are hereby ordered to vacate the entire premises within 14 days of receipt of the Notice to Vacate. Any person occupying the premises in violation of said notice without authorization of the Director of Community Development shall be guilty of a gross misdemeanor punishable by a fine of not more than \$5,000 or 180 days in jail, or both. Each day shall constitute a separate offense. If you have not already vacated the premises and are not required to do so by other actions on the property, I will consider giving you authorization to occupy the residence at the site provided.

1. 20 vehicles are removed within the 10 working day notice to vacate period.
2. You agree to provide receipts from recipients who are legally established to receive the equipment, vehicles and other materials illegally stored at your property.

The City will visit your property daily to determine progress on the compliance and to record violations such as failure to vacate as directed.

You are also hereby ordered to remove all heavy equipment and vehicles stored on the site within 20 working days. Two pieces of heavy equipment may remain as agreed to by Kitsap County. Failure to remove the heavy equipment will result in the following City action:

1. A citation will be issued for each day a violation occurs.
2. The City will seek an abatement order which will allow the City to remove the conditions causing the illegal land use.

A handwritten signature in dark ink, appearing to read "Donald L. Pratt", is written over a horizontal line.

Donald L. Pratt  
Director  
Department of Community Development

*Exhibit 4*

# SHORELINE MASTER PROGRAM

City of Bremerton, Washington

- C-6** **Manette** -- Extends southeast of the Manette Bridge Landing to the intersection of Eleventh Street and Pitt Avenue, including a small area northeast of Shore Drive, on the northeast shore of the Port Washington Narrows.

## **Downtown Waterfront**

The Downtown Waterfront area is located along the west shore of the Port Washington Narrows where it meets Sinclair Inlet. It is bounded on the south by PSNS; on the west by the west side of Washington Avenue; on the north by the extension of Sixth Street waterward; and on the east by the Outer Harbor Line. The Downtown Waterfront designation is divided into two sub-areas: Upland and Marine. (Map designations precede descriptions.)

**DW/U** **Downtown Waterfront/Upland** -- The area landward from the OHWM. It is intended to be a mixed use district that includes areas designated Ferry Terminal, Commercial/Residential/Tourist, and Pathway-Park by the *Downtown Waterfront Urban Renewal Plan*.

**DW/M** **Downtown Waterfront/Marine (Over-Water)** -- The area waterward of the OHWM. It includes areas designated Ferry Terminal, Pathway-Park, Marina/South and Marina/North by the *Urban Renewal Plan*.

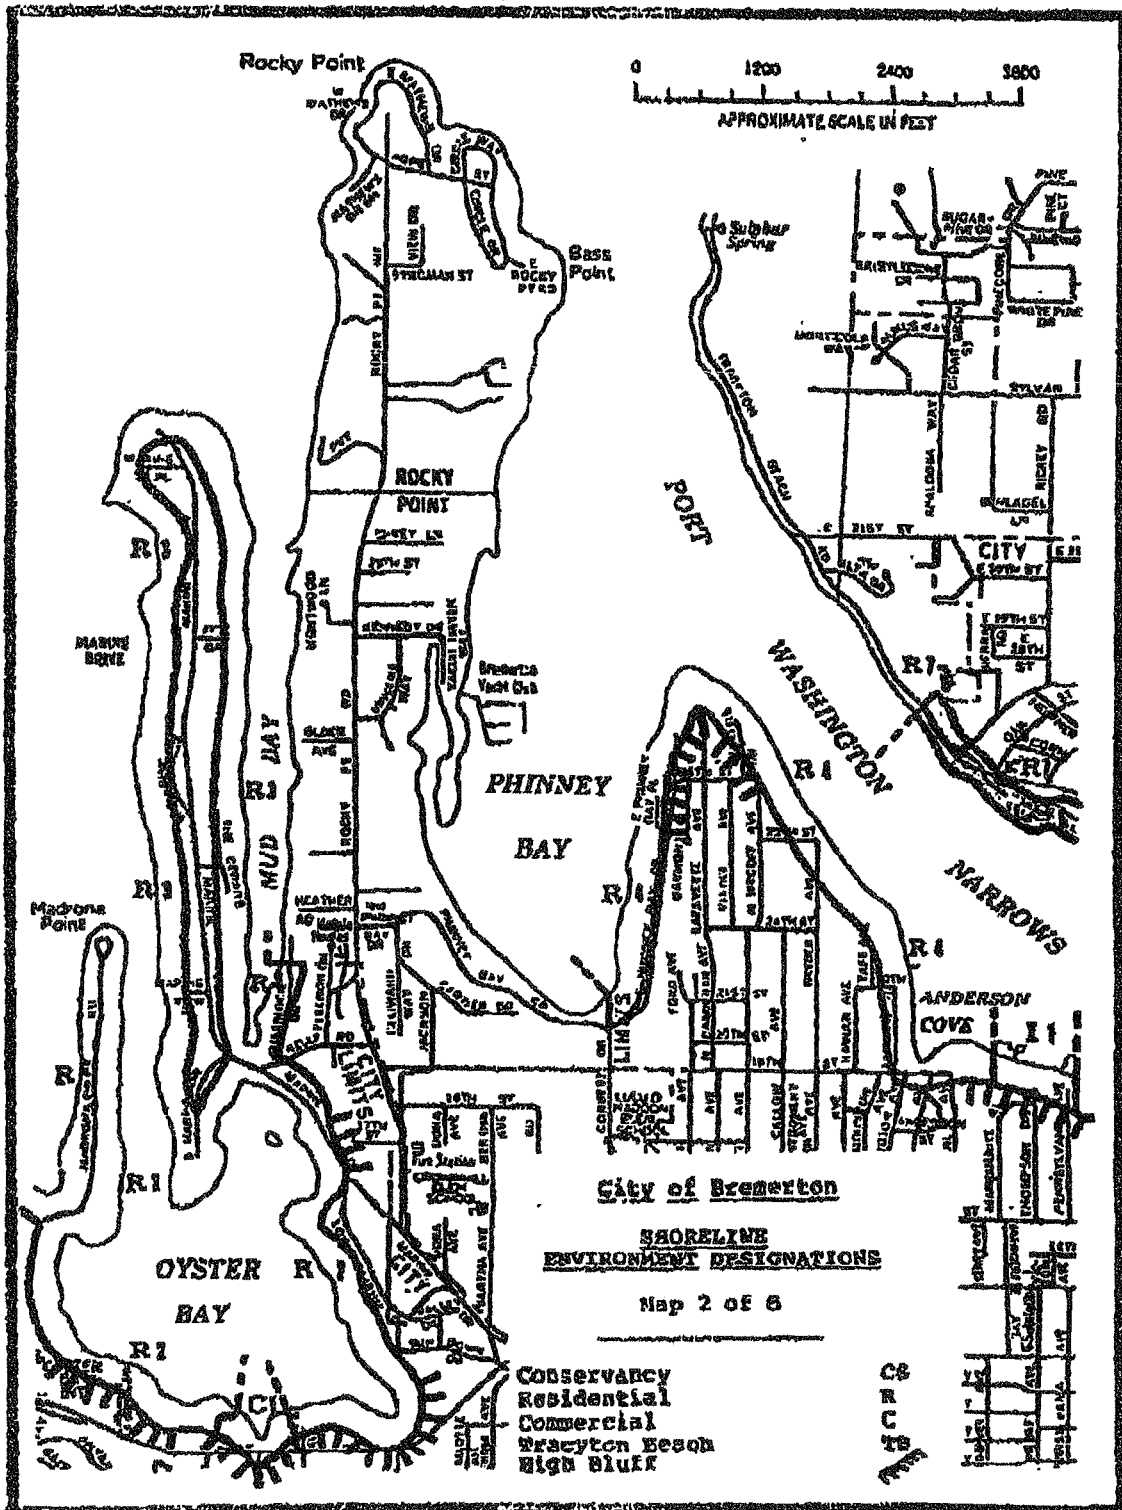

## **Urban Industrial**

The following areas are designated Industrial (map designations precede descriptions):

- I-1** **Thompson Avenue** -- Extends east from Marguerite Avenue extended northward before it turns east to Pennsylvania Avenue extended northward, along the south shore of the Port Washington Narrows.
- I-2** **Sheldon Boulevard** -- Extends south from Evergreen Park at Fourteenth Street to the intersection of Thirteenth Street and Highland Avenue, along the west shore of the Port Washington Narrows. A small portion of this area between Fourteenth Street and Pacific Avenue extends west of Sheldon Boulevard.
- I-3(F)** **PSNS [I-3]** -- Extends west from the Washington Street Ferry Terminal west of First Street to the city limits on Charleston Beach Road south of Preble Street, on the west shore of Sinclair Inlet. The entire area is within the federally owned Puget Sound Naval Shipyard (PSNS), and outside of the land use jurisdiction of the City.

FIGURE 3-1 SHORELINE ENVIRONMENT DESIGNATIONS MAP (MAP 2 OF 6)

## **E. SHORELINE USES AND ACTIVITIES**

*The Master Program regulates specific categories of uses and activities within the shoreline. These Use/Activity categories consist of specific uses or groups of similar uses which are characteristic of shoreline development.*

The Policies and Regulations developed for each Use/Activity category are intended to serve as the primary set of criteria for evaluating proposals for developments within the shoreline environment. All permitted uses and activities in the shoreline are subject to the special conditions and general regulations applicable to those uses.

The following tables and figures outline Master Program requirements for specified Use/Activities in various Environment and Natural Systems designations. These tables and figures are intended to supplement the Use/Activity requirements in subsequent chapters. Environment-specific Regulations further control uses permitted in the Urban Commercial and Downtown Waterfront environment designations.

### **Unidentified Uses and Activities**

Shoreline uses and activities not specifically identified, for which policies and regulations have not been developed, will be evaluated on a case by case basis and will be required to satisfy the goals and general development policies of the Master Program and the policy of the Shoreline Management Act. In addition, unidentified uses shall be consistent with the management policy and character of the shoreline environment in which they propose to locate, and shall require a Conditional Use Permit.

### **Shoreline Use/Activity Summary**

**Table 3-1 Shoreline Use/Activity Matrix**

The Shoreline Use/Activity Matrix on the following pages is presented as a summary of Master Program use/activity goals, policies and regulations. The matrix specifies environment designations where Use/Activities are permitted (P), permitted as a Conditional Use (CU), or prohibited altogether (X).

*The matrix lists the topics of various Master Program use/activity policies and regulations contained in subsequent chapters. Therefore the matrix can be used as a checklist of provisions likely to apply to a project.*

KEY	REQUIREMENT
P	Use/Activity is permitted in the Environment, subject to regulatory controls in appropriate Use/Activity section.
CU	Use/Activity is permitted in the Environment, subject to obtaining a Shoreline Conditional Use Permit (CUP).
X	Use/Activity is prohibited in the Environment.
A	As applicable.
NA	Use/Activity is not applicable to the Environment.
1	See Commercial Development Policies and Regulations for list of specific commercial uses permitted (Chapter 4).
2	Permitted for "public" purposes only.
3	Permitted for water-dependent and public uses only.
4	Permitted for water-dependent and water-related uses only.
5	Permitted for water-dependent uses only.
6	Does not include residential uses in marina.
7	See Environment-Specific Regulations (Chapter 3).
8	See General Requirements (Chapter 4).

KITSAP COUNTY

NOV - 7 2002

DAVID W. PETERSON

HONORABLE JUDGE JAY B. ROOF

Hearing Date: November 8, 2002

Hearing Time: 1:30 p.m.

COPY

## SUPERIOR COURT OF THE STATE OF WASHINGTON FOR KITSAP COUNTY

CITY OF BREMERTON, a municipal corporation,

Case No.: No. 97-2-01749-3

Plaintiff,

DECLARATION OF WILLIAM J. SESKO

vs.

WILLIAM J. SESKO and NATACHA SESKO,  
husband and wife, and their marital community,

Defendants

1. I, William J. Sesko, hereby declare under the penalty of perjury of the laws of the State of Washington as follows:

2. I am over the age of 18 years, competent to testify, and make this declaration based on my own knowledge and belief, except where indicated otherwise.

3. My wife Natacha Sesko and I pay over \$23,000 per year property tax to Kitsap County and we should be secure with our possession and treated as others under the law.

4. I designed a Submarine High Pressure Emergency Ballast Blow System after the Thresher sank. The same emergency system the Navy was using when they sank the Japanese research boat near Hawaii. It's for emergency use.

5. The two submarine salvage pontoons off our Pennsylvania Avenue Property in The State Harbor areas are of historic significance. Because they could have been the ones used to salvage the USS SQUAI US in 1939. The City wants to destroy them.

DECLARATION OF WILLIAM J. SESKO.

1 -

6. We rented property west of our Pennsylvania property for storage and research and Development for \$1000 per month.

7. The City ordered the property vacated and denied us an appeal (see Exhibit 1,2 3)

8. The order exhibit 1 clearly states vehicle storage not allowed in Business Park Zone And Boat must be removed; yet exhibit 3 to 14 clearly shows vehicles and stored boats through out Penn Plaza Storage Yard. Only Sesko's boats and vehicles had to be removed!

9. Exhibit 15-19 shows Sesko use of Pennsylvania Avenue property isn't a problem With adjacent properties. Exhibit 16 shows the city trying to create a problem.

10. Appellant review cause No. 23150-6-11 states " The orders for injunctive relief Do not prevent uses for business purposes; they only require the removal of the junk on the sites."

11. We want to make productive use of our properties and need real guidelines. An Opinion printed in the Bremerton November 5,02 exhibit 20 shows our difficulties "Description of the Bremerton Planning Department range from "It is in a continual State of disarray" to " it is a constant swinging door down there" to "you never get the same opinion twice".

12. Exhibit 21. A Memorandum from Don Pratt in February 6,1997 states " I am the City" and he is not confident in his actions against us.

13. The Shoreline Master Program City of Bremerton Page. 7-7. Exhibit 22 shows we Should have been able to appeal Don Pratt's decision upheld by the planning commission to the City Council and then the shorelines hearing board as provided in RCW 90.58.180.

14. Our appeal to City Council was never heard and after a year delay Don Pratt said we

DECLARATION OF WILLIAM J. SESKO.

2 -

1 Didn't get a hearing.

2  
3 15. And here we are with the City trying to say we can't ever use our Pennsylvania  
4 Avenue property productively.

5 16. The Shoreline Master Program Page. 5-12 Exhibit 23. States the Port of Bremerton is  
6 Encouraged coordinating Industrial Use along the shoreline.

7  
8 17. With the Courts approval may be the port of Bremerton could coordinate our use of  
9 our Pennsylvania Avenue property.

10 I DECLARE UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE  
11 OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT.

12 Dated this 6<sup>th</sup> day of November 2002. At Bremerton Washington.

## CITY OF BREMERTON

**CEASE AND DESIST ORDER**

Pursuant to BMC 21.02.945(c) "Cease and Desist Order", PAUL & MARGARET MCCONKEY, owner/occupant of the property located at, END OF THOMPSON AVENUE, Bremerton, WA is hereby ordered to immediately discontinue the illegal use defined herein.

Tax account # 37110000010409.

The following conditions have been defined as violations of the BREMERTON MUNICIPAL CODE by the Director of Community Development:

BMC 21.02.140 "Interpretation of Tables", JUNKYARD AND VEHICLE STORAGE  
use not allowed in BP ZONE.

BMC 21.02.945 "Violation of the Zoning Code" (Cease and Desist Order) (c)(2) states:

"An order shall be obeyed immediately, notwithstanding the filing of an appeal. An order is final if not appealed within fourteen (14) calendar days from the date of posting, or as otherwise stated within the order"

DATE ORDER WAS POSTED: FEBRUARY 8, 2002

COMPLIANCE WITH ORDER MUST BE ACHIEVED BY: FEBRUARY 22, 2002

Failure to satisfy the conditions of this order may cause the owner/occupant/lessor to be guilty of a gross misdemeanor as per BMC 21.02.945 "Violation of the Zoning Code" (Cease and Desist Order) (c)(3).

ACCOMPLISH THE FOLLOWING ACTION: REMOVE JUNK VEHICLES, BOATS, TRASH AND DEBRIS.

Chris Hugo  
CHRIS HUGO, DIRECTOR  
DEPARTMENT OF COMMUNITY DEVELOPMENT

**DO NOT REMOVE OR DEFACE THIS NOTICE**

CITY OF BREMER- TON • 239 4th Street • Bremerton, WA 98337

March 1, 2002

William J. Sesko  
3536 Arsenal Way  
Bremerton, WA 98312

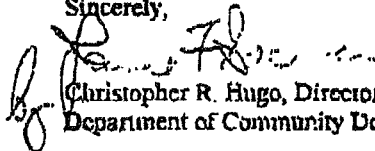

Dear Mr. Sesko:

The purpose of this letter is to advise you that the City of Bremerton cannot process the appeal you filed of a Cease and Desist Order on February 22, 2002. A refund of the \$132 appeal fee is in process and should reach you within approximately ten days.

The Department of Community Development has been contacted by Mr. Paul McConkey, the legal owner of the property in question. We have been advised that you were served with a 20-day Eviction Notice several days ago, that your lease of this property will terminate on April 1, 2002, and that the legal owner does not support the appeal and intends to abate the violation(s) that exist on the property.

Under the above circumstances the City is not able to accept or process the appeal.

Sincerely,

  
Christopher R. Hugo, Director  
Department of Community Development

CC: Paul McConkey, Property Owner  
Jeanni Johnson, Code Enforcement  
Roger Lubovich, City Attorney
